

## Project Self Evaluation

**Name:** \_\_\_\_\_

**Project:** \_\_\_\_\_

**1. What have you learned from this project?**

(Ex: topic itself, techniques, physical applications, computer programming, mathematical equations, etc.)

**2. What was the most difficulty part of the project?**

(Ex: understanding the problem, searching for references, dealing with partners, programming, etc)

**3. Describe what your group has accomplished?**

**4. Among the accomplishments in (3) above, describe particularly what your contributions are to the group?**

(Be specific)

**5. What grade do you think you and your group deserve and why?**
